## Honoring God's Creation This Earth Day

This Earth Day, let's care for the beautiful world God has entrusted to us. The Earth Day 2025 theme is "Our Power, Our Planet," emphasizing the need to unite behind

renewable energy and triple the global generation of clean electricity by 2030. Simple actions can make a big difference—consider planting a tree, reducing plastic waste, conserving water, or joining a local cleanup effort. As stewards of creation, we can also conserve energy, support sustainable businesses, and spend time in prayer, reflecting on how we can better protect our environment. By taking these small steps, we show gratitude for God’s gifts and help ensure a healthier planet for future generations.

Some events in Charlotte include:

- **Attend the Charlotte Earth Day Celebration** – Join the festivities on Saturday, April 12, 2025, at the Independent Picture House, featuring educational exhibits, local artists, and environmental films. ([charlotteearthday.com](http://charlotteearthday.com))

### April 2025 Health and Wholeness Tip #3 H/W ministry team.

The Health and Wholeness focus for April is Caring for our Earth.

Grow native plants. They provide food and shelter for local wildlife. They create beneficial relationships that promote healthy ecosystems. Planting native plants helps prevent the spread of unhealthy invasive species. They improve soil health with their deep roots and help filter pollutants from storm water runoff. They require less maintenance since they are adapted to local conditions.

Psalm 96:11-12 Let the heavens rejoice, let the earth be glad; let the sea resound, and all that is in it. Let the fields be jubilant, and everything in them; let all the trees of the forest sing for joy.
